

A Grand Entrance

In an effort to focus on improving the safety of SSM Health St. Anthony Hospital patients, their families, visitors, physicians, caregivers and staff, plans for the building of a new grand west entrance have been announced. It will be named the Love Family Entrance in recognition of a significant lead gift from the Tom and Judy Love Foundation.

Each year, the west hospital entrance welcomes more than 21,000 inpatients, sees more than 260,000 outpatient visits, and serves as entry for thousands more visitors and employees.

For more than 50 years, the current main hospital entrance on Lee Avenue has been a challenge for patients and visitors, especially the elderly and disabled. Walking between the west side parking garage and the hospital, pedestrians must cross a busy street, brave weather of all types, climb stairs and cross an often-congested patient drop-off lane to enter the hospital. The new plans mean that a longtime dream of improving safety and easing entry and access to the hospital is going to become reality.

Lee Avenue will be closed to cross traffic and a new 9,886 sf grand entrance and lobby will be built, spanning Lee Avenue and connecting the ground

floor of the parking garage to the hospital's main floor and current entrance lobby. The lobby itself will be renovated and expanded from 3,248 sf to more than 13,000 sf with a more welcoming "hotel style" design. New, energy-efficient entrance doors will be added.

An additional glassed-in elevator and new stair tower will be built on the east side of the parking garage, providing patients and visitors fast, easy access to the new lobby.

The parking garage interior and exterior will be upgraded, the current vehicle entrances will be moved, and a new patient drop-off will be created directly in front of the new entrance and lobby.

In an era of increasing occurrences of violence at health care and other facilities, the new entrance will incorporate safety measures including weapon detection systems and additional security personnel.

The project is estimated to cost \$22 Million and currently has \$13 Million committed. The Foundation is seeking philanthropic gifts to complete the funding for the project. A challenge gift from Miller Architects will match all gifts up to \$100,000 for the new entrance. *(Additional design photos on pg.4)*

A message from SSM Health Oklahoma Regional President Joe Hodges

Joe Hodges

On August 1, 2023, SSM Health St. Anthony Hospital celebrated its 125th anniversary. We use this time to reflect upon the brave Franciscan Sisters who traveled to the Oklahoma Territory to beg for funds for their hospital in Maryville, Missouri, only to find a great need for care in Oklahoma City. I was honored to receive a letter from Sr. Sandy Schwartz with the Franciscan Sisters of Mary congratulating our health ministry on the milestone.

Referring to our founding sisters, she said it best of their journey and quest: “They responded in faith and with courage and generous hearts, and what resulted over the years has been a shining example of compassionate care for those in need. St. Anthony Hospital was always a ‘flagship’ hospital...and it still is.”

These are words that inspire me every day, as we have this tremendous responsibility to carry on the legacy of our founding sisters to fulfill our calling to care for those in need.

Earlier this summer, Sherry Rhodes, our Regional Vice President of Foundation & Philanthropy, announced her well-deserved retirement at the end of this year. Sherry has had an accomplished career with SSM Health, having served as the Foundation’s first Assistant Director between 1985 and 1990, and then returning to SSM Health in October 2003 to lead the Foundation. In her early career, she worked on projects that included the Luciano Pavarotti concert to benefit the St. Anthony Foundation in 1985. Sherry was responsible for leading the Saints Vision campaign, a multi-year campaign to provide philanthropic funding for the hospital’s capital infusion plan that supported the transformation of the St. Anthony Hospital campus and Midtown. Most recently, she was instrumental in securing the largest gift to St. Anthony from the Tom and Judy Love family.

We appreciate Sherry’s dedicated support of our Mission and wish her the very best. I will keep you updated on the search for a new Foundation executive.

St. Anthony celebrates 125 years

On August 10th, SSM Health St. Anthony Hospital celebrated a significant milestone - 125 years of service to Oklahoma. The Founding Sisters established the hospital in two buildings at NW 4th Street and Robinson Avenue in downtown Oklahoma City in 1898, and St. Anthony has been providing compassionate health care for the people of our state ever since.

Tammy Powell, President, SSM Health St. Anthony Hospital and Laura Kaiser, CEO, SSM Health

Special Mass of Thanksgiving at Cathedral of Our Lady of Perpetual Help

The occasion was marked at a Special Mass of Thanksgiving at the Cathedral of Our Lady of Perpetual Help in Oklahoma City led by Archbishop Paul S. Coakley, featuring beautiful music from the Cathedral Choir and holy communion.

In addition to the afternoon reception and evening mass, employees were able to celebrate throughout the day with special treats and were honored with in-person remarks by SSM Health CEO Laura Kaiser at an afternoon reception.

It was a special day of celebration at all SSM Health ministries in Oklahoma.

Girl Scouts treat ALL the Saints!

The Girl Scouts of Western Oklahoma honored SSM Health Oklahoma employees – ALL of them – with their donation to the Foundation of more than 8,300 boxes of Girl Scout cookies this summer – enough for every St. Anthony hospital, Healthplex, medical office and regional affiliate hospital employee to receive a box!

The generous display of appreciation was a huge hit throughout the ranks of employees across Oklahoma and brought many smiles to our devoted Saints in Action.

Scholarships let Nursing students reach for the stars

SSM Health Oklahoma has announced a new scholarship program, titled 'Reach for the Stars,' made possible by a charitable gift to the SSM Health St. Anthony Foundation.

Reach for the Stars is a scholarship program designed to help meet the demand for nurses by educating and cultivating new registered nurses (RN) throughout the United States. The vision of the program is to assist those already working in the health care field to become registered nurses, thus providing an essential resource to families, communities and the formal health care system.

Tiffany Jackson
2023 Reach for the Stars Scholar

Designed to cover the full cost of tuition, books and more, the opportunity is open to Saints in Action team members interested in furthering their career at SSM Health as a registered nurse. Up to twenty scholarships will be offered to SSM Health employees annually through this program and they are open to any employee at any health ministry in the Oklahoma region.

Hospital leadership expresses gratitude for the generous donation to the Foundation by the Reach for the Stars organization which makes these scholarships possible, supporting employees' career goals and furthering the nursing profession in our community.

New gym floor for Behavioral Health

The Foundation recently received a gift of \$50,000 to install a new floor in the Behavioral Health Unit gymnasium.

Each patient at the SSM Health Behavioral Health facility is assessed, and a treatment plan is developed and implemented by a physician-directed treatment team including a psychiatrist, registered nurse, professional counselors, certified recreational therapists, and mental health technicians. These programs offer a wide range of therapeutic activities, often including recreational therapy.

“The gymnasium is one of the most important aspects of this program as it offers our children the opportunity to play, share, work together, develop, and learn skills to keep their bodies strong and the chance to play and have fun,” said Julie Costilla, Certified Therapeutic Recreation Specialist for SSM Health. “This is a daily activity for all our patients including the adult unit, so the gym is used on a daily basis by over 100 patients.” On occasion, special events also take place in the gym such as football camps, sports group activities, or speaking engagements.

The new flooring is scheduled for installation in December. The most recent significant refurbishing of the gym floor took place more than 10 years ago.

Thank you for your generosity!

Philanthropy plays a vital role in continuing our Mission of providing exceptional, compassionate health care in our communities. You are a part of our lifesaving work, and we are grateful for you. We are honored to recognize your generosity here. The list below reflects donors who made a gift between January 1 and June 30, 2023.

Saints Ball a record success

2023 Saints Ball Co-chairs (L-R):

Mike Bass, Paige Bass, Dr. Gigi Toma, Tom Wolfe

On the evening of November 3rd, the Foundation held its annual Saints Ball fundraiser at the National Cowboy and Western Heritage Museum. The theme for the evening was *Celebrating 125 Years: Here for Life*. Co-chairs for the Ball were Paige & Mike Bass and Dr. Gigi Toma & Tom Wolfe.

The black tie event was attended by six hundred guests and featured dinner, live and silent auctions, raffles, a rousing Fund-the-Mission session and more. After the program, guests danced to live entertainment by Soft Hands.

A record \$784,590 was raised for Areas of Greatest Need at St. Anthony through event sponsorships, ticket purchases, raffles, auction proceeds and donations.

Foundation leader announces retirement

Sherry Rice Rhodes, Regional Vice President, Philanthropy and Foundation for SSM Health Oklahoma and longtime leader of the SSM Health St. Anthony Foundation, has announced that she will be retiring at year's end.

Sherry has worked to benefit patient care at St. Anthony since 2003, leading a team of professional development staff at the Foundation and working alongside the Foundation's 30-member Board of Directors, planning and implementing fundraising strategies to bring philanthropic dollars to SSM Health facilities in Oklahoma. Sherry has been engaged in nonprofit management and fundraising for more than 30 years.

Sherry Rice Rhodes, CFRE

Under her leadership, the Foundation has raised millions of dollars through multiple fundraising campaigns resulting in many of St. Anthony Hospital's most celebrated advancements and projects such as the Saints Vision Campaign (a Master Campus plan which included the Saints Pavillion), the Frank C. Love Cancer Institute expansion, major renovations of hospital floors, and, most recently, the Family Medicine Clinic and Residency Program expansion and the Joyful Beginnings expansion.

Joe Hodges, Regional President of SSM Health Oklahoma, said Rhodes' efforts have been vital to the renovation and expansion of our Midtown campus. "Sherry's role at St. Anthony is not in direct patient care, yet her efforts have made a tremendous impact on our patients, their families and the entire community."

Sherry's retirement plans include travel and rest! All at SSM Health, and especially the Foundation, thank Sherry and wish her the best for her next chapter.

Plans Announced for New Grand West Entrance
